This Scorecard is developed from secondary analysis and literature review of existing Routine Immunization Data as well as face to face interactive workshops with senior government officials, NGOs and media and key informant interviews. Data is periodically collected and reviewed to update the scorecard.
**Call to action**

We Call on the Leadership and Management of Niger State Ministry of Health and Niger State Primary Health Care Development Agency to ensure the Following on RI Finances in 2016:

- Existence of budget release timetable for RI finances
- Budget review meetings held on quarterly bases across the quarters of 2016
- RI Funds as scaled out in the basket funds are accessed from LGA & HF Bank account in the coming year

---

**Target has been achieved (≥ 75%)**
- **Target is on track to be achieved (50 - 74%)**
- **Target is not achieved (≤49%)**
- **No or few data are available to judge progress**
